

## School Sport Funding 2013 - 2014

This year, Whitehall received £9000 in sports funding and here is an overview of how we used the funding.

<b>Use of money</b>	<b>Total spend</b>
Professional coaches	£7058.00
Equipment	£515.00
Employing staff	£807.00
Healthy Living Promotion	£340.00
<b>Total spend =</b>	<b>£8720.00</b>

The extra financial support enabled our school to raise children's participation in out of hours clubs and competitions, support the professional development of staff, evaluations showed the ability and fitness of children improved as well as enabling our school to achieve more in sporting success than we have seen in many years. The impact of the use of this money is certainly evident for all to see with the school achieving the School Games Silver award.
