

Standards of Free School Meals Pupils (Pupil Premium Funding)

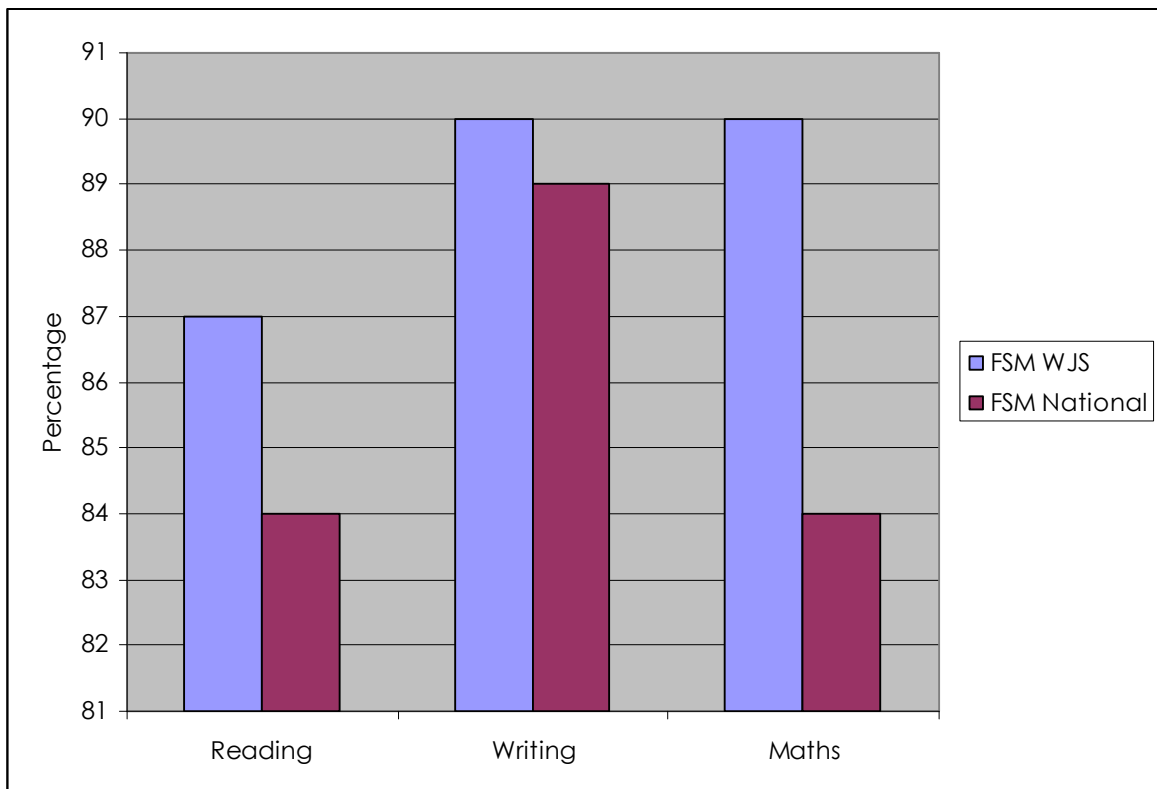

1) Key Stage 2 Attainment: Average Point Score

Cohort: 73 children. 30 eligible for FSM.

2) FSM Pupils making expected 2 levels of progress

We have known KS1 data for 28 of 30 FSM pupils.

3) Attainment (in APS) of Pupil Premium (FSM) Children in Academic Year 2012-13

* Note: National figures are calculated from extrapolation of KS data in RaiseOnline and using an 'expected' minimum of 3 points per year. Using teacher assessments (except Y6 which uses SAT result).

Green – In line with all pupils nationally/exceeding progress

Yellow – In line with FSM national/expected progress

Red – Below FSM groups national/less than expected progress

Pupils who are eligible for Pupil Premium progressed well (with the exception of writing in Year 4 and reading in Year 5) and attainment was generally in line with national FSM figures.
