

# WHITEHALL JUNIOR WHIZ KIDS

*Celebrating smart, science-loving students!*

*"Science is magic that works"*

*Each term, look out for Whitehall Junior School's Science Newsletter!*

*Unbelievable facts and a step-by-step instruction text for creating your own easy, at-home experiment!*

*Be resourceful and find the equipment and materials needed to join the fun!*

*Think about all safety precautions before starting:*

- Adult supervision is essential;
- Find a sensible place to carry out the experiment e.g. garden, bath or sink;
- Wear an apron or an old T-shirt.
