

Year 4 Optional Extension Tasks – Autumn

As promised, please find below a list of optional extension tasks which your child may like to complete during this term. As you know, we have our essential weekly homework tasks (outlined in your Welcome Booklet) and the family-friendly 'Weekend Wonders' passport card. For those parents or pupils who thrive on more in-depth study, try out some of the ideas below. Your class teacher would love to see the final result, however, formal feedback will not take place as these are optional extensions.

<p>During this term we are learning about Romans and Anglo-Saxons in our study of 'Invaders and Settlers'. Conduct your own research about this period in history. Why not create something interesting of your choice (e.g. poster, PowerPoint, art piece etc.) to share with the rest of your class?</p>	<p>In science, we are learning about 'Animals, including Humans' and 'Living Things and their Habitats'. Find out some cool and interesting facts about one of your favourite animals. Then, create a poster with a drawing of your favourite animal and include the interesting new facts you have learnt.</p>
<p>During our PSHE lessons this term we will be learning about 'health and well-being'. How could you promote healthy eating in the school? Create a poster, menu or recipe book that you could give to children that would help them choose healthier food and drinks.</p>	<p>Do you consider yourself an artist? Create a painting or drawing that represents you. Try using different techniques and colours to create your piece. How about creating a collage? Collages are great as you can cut and stick different materials and pictures together to create something truly unique.</p>
