

Happiness at the heart of learning

Whitehall Junior School Cowley Road Uxbridge Middlesex UB8 2LX

Dear Bears, Elephants, Lions and Tigers,

Over the summer we would like you to complete the following activities:

1) Find out as much as you can about your class animal. You can gather your research from the internet, magazines, the library, museums, non-fiction books etc. With this information, create a fact file about your class animal. It should include facts about:

- ✓ habitat
- ✓ diet
- ✓ 5 fascinating facts about your class animal
- ✓ pictures and labelled diagrams

Remember all the learning you have done on non-chronological reports in Year 3 and see if you can include this in your fact file!

2) Create a piece of artwork that represents your class animal. This could be one of the following:

- A painting/drawing
- A collage
- A mask
- A puppet
- A sculpture

Think creatively about the different materials you could use.

Can you use one of the art skills you have learnt this year?

Don't forget to join the Summer Reading Challenge and bring in your certificate to show us after the holidays!

<https://summerreadingchallenge.org.uk/>

Your homework is due on Friday 5th September 2025.

We are looking forward to working with you. Keep safe over the holidays.

Mrs Beceiro, Mrs Hampton, Miss Hyland, Mr Hopkins and Mrs Sharma.
