

Whitehall Junior School Improvement Plan 2025-26: At a glance...for our learners

Key area 1: Making sure your school is safe
What we want to improve: 1.1 To ensure that we keep one another safe, especially online. 1.2 To monitor behaviour reporting so that we can follow up on any trends.
Key area 2: Adapting learning so that all learners can flourish
What we want to improve: 2.1 To support all learners to achieve well, particularly those who require specialist support. 2.2 To enable all learners to meet their full potential, regardless of different starting points.
Key area 3: Giving you the best quality of education possible
What we want to improve: 3.1 To provide you with the very best teaching and learning we can. 3.2 To freshen our approach to guided reading so that you feel confident to discuss the texts in detail (oracy skills). 3.3 To monitor curriculum developments so that we are always delivering the best lessons.
Key area 4: Achieving the very best learning
What we want to improve: 4.1 To ensure you achieve to the very best of your ability, particularly in both English and mathematics. 4.2 To teach you how to become an expert writer, being able to write to a very high standard. 4.3 To build fluency with your mathematics skills so you can use facts and efficient methods to calculate effectively.
Key area 5: Ensuring we all behave well and turn up for school so that we can thrive
What we want to improve: 5.1 To ensure that your attendance at school is superb. 5.2 To maintain our focus on Ready, Respectful, Safe so that the behaviour across our school is excellent, especially at playtimes.
Key area 6: Supporting you to enhance your personal development and wellbeing
6.1 To use a brand new PSHE scheme to enhance your learning in this subject. 6.2 To work with staff and families to ensure that SRE teaching is updated for next year's learning.
Key area 7: Making sure your school is well led and managed
7.1 To lead and manage our school very well so that we can provide you with the best education, regardless of pupil numbers changing. 7.2 To teach staff about the new expectations for school inspections. 7.3 To consider how artificial intelligence can aid workload and contribute to efficiency within school life.
